Reference is made to the attached request to Admiral Turner on behalf of the S&I staffers Bolz and Butts, for review at CIA Hqs., NIE's and related material concerning USSR and Warsaw Pact military forces. The request, although dated 5 Oct. was hand delivered to our office by Mr. Bolz on 11 Oct. If D/NFAC determines that the requested material bears upon an evaluation of our intelligence product (which it does) and that the access to the material does not raise the range of problems dealing with sensitive ongoing policy options or negotiations, then the thrust of the 17 June 1978 guidelines approved by the DCI will have been satisfied. If Dr. Bowie can make the foregoing determinations then access can be provided to Bolz and Butts on the basis of his determination, although he may wish to appropriately advise the DCI of his intention. I would think that it would be also important to let the other Intelligence Community participants and the NSC staff know that Bolz and Butts are being given access to the material in question.

Please advise how you want to handle the above.

### Remarks:

Mr. Carlucci's memorandum of 5 October 1978, follow-up to [redacted] asked that we provide to him an estimate of the amount of time we spend communicating with CIA staff (in management courses, lectures, etc.). I would appreciate it if you could give me an estimate of the amount of time you or your deputies spend in such proceedings. I assume that this communication would take place in Mid-Career courses, Senior Seminar, and CIA Today and Tomorrow. If anyone of you speaks to other groups, you might let us know. Could we hear back from you in the next few days.
